

August 04, 2022

SUBJECT: *Panama 2022 road to v-ITALY 2023 report*

By means of the present document, on behalf of venous-lymphatic World International Network (v-WIN) foundation, we'd like to report the main outcomes of the **Panama 2022 road to v-ITALY 2023 project**.

The initiative followed the below reported calendar.

JULY 29

ACADEMIC SESSION

at the University of Panama, engaging more than 70 in person new generation med students and residents, together with the cardiovascular teaching body, for a 2 hours series of lectures on venous-lymphatic and pelvic venous disorders.

The session was streamed live and recorded.

PUBLIC VENOUS-LYMPHATIC AWARENESS ROTARY SESSION

Meeting with the Panama Rotary Club and a delegation of Rotary Egypt to plan strategic actions for increasing public venous awareness through dedicated Rotary grants and related reach out, in line with what already done in 2017 by v-WIN foundation in a Global Grant for chronic venous disease management in Nicaragua.

JULY 30

6th Vein Experts Meeting & v-WIN masterclass

Top quality congress in collaboration with Servier, engaging 11 world renowned KOLs from ALL continents and 40 leaders from Central America countries.
Live streaming and on demand have been provided.
Final remarks from prof. Caprini himself.

JULY 31

PUBLIC VENOUS AWARENESS VEIN WALK

Fun walk downtown to promote public venous-lymphatic awareness, engaging health and non health professionals by means of dedicated educational messages.

AUGUST 1

SYNERGY STORMING SESSION

Sessions dedicated to synergy development in local and global projects for venous-lymphatic advancement, engaging scientific societies representatives from all continents and industry. Focus on certification and regulatory aspects.

SPECIAL APPRECIATION

The not for profit initiative was made possible thanks to unrestricted grants of Servier as major and main supporter

and of the following companies as supporters.
