VITAL steps
in Vein & Lymphatic care

+

Science Per Aquam
Course
(May 28)

non-profit educational digital & editorial project

VISION

to identify
V-ITAL steps
forward in
Vein & Lympahtic
care

it's V-ITALy !

In a constantly evolving technological world, being updated on the available improvements is **VITAL**.

This is particularly true whenever dealing with healthcare innovations which require expertise together with proper evidence-based validation.

Following this need, along the years **venous-lymphatic World International Network (v-WIN)** foundation has developed a global non-profit educational project focusing on three main lines of action:

1. Experts-oriented analysis of similarities & controversies in Vein & Lymphatic international guidelines (*v-WINter 2019 project*, <https://pubmed.ncbi.nlm.nih.gov/31495256/>).

2. Patients-oriented consensus on evidence-based fake-news free vein-lymphatic communication

(*v-WINter 2022 project*, <https://vwinfoundation.com/fake-news-free-project/>).

3. Moral interaction between Scientific Organizations and Industry representatives for increasing awareness on Certification & Regulatory aspects

(*TRUE CARE project* <https://vwinfoundation.com/true-care/>).

Primary endpoint of v-ITALY 2023 project is to gather together top Experts from all continents and top professionals from different sectors to analyse the met and unmet needs in Vein & Lymphatic practice, reaching out to the global community of Vein & Lymphatic health professionals, as well as to the patients, identifying the "**VITAL**" **steps forward** for a proper advancement of Vein & Lymphatic care.

The project will lead to the submission of a **scientific paper** and to the creation of an **open access digital platform**, including the topic discussed by the experts and open channels of interaction for both health professionals and patients.

"VITAL" interactions will be welcomed in v-ITALY 2023.

18.00-18.08 Expert discussant (, ASIA) & open discussion

18.10-18.15 **ALFASIGMA award presentation** (TBD)

18.15-18.20 Expert discussant: (ROMANIA)

18.20-18.25 Moderators final remarks.

18.25-18.30 Audience discussion

18.30 – 19.30 **DEDICATED WORKSHOPS**

19.30 **Ca'Tiepolo Dinner**

2023 **V-ITALy** FRIDAY

07.30-08.30 **Starting off on the right foot @ breakfast**

(v-WIN global synergy projects presentation)

Moderators: (S AM), (N AM), (EUR), (ASIA)

07.35-07.40 **v-WIN past, present & future** (, ITALY)

07.40-07.45 Open discussion (, BRAZIL)

07.45-07.50 **In Venous Veritas project** (, FRANCE)

07.50-07.55 Open discussion (, MALAYSIA)

07.55-08.00 **v-HELP next step** (, TRINIDAD)

08.00-08.05 Open discussion (L, C RICA)

08.05-08.10 **Vein Week call** (, PARAGUAY)

08.10-08.15 Open discussion (, MEXICO)

08.15-08.25 Open discussion

08.30 – 11.00 **SUPERFICIAL VENOUS TREATMENTS ADVANCEMENTS**

Moderators: (S AM), (N AM), (AFRICA), (EUROPE), (ASIA)

Sum up of the Pre-congress on demand **Triggering Opportune Phlebo-lymphology lectures. Evidence-based state of the art & future research needs of:**

08.40 – 08.47 **SCLEROTHERAPY**

(, AUSTRALIA)

08.49 – 08.56 **VEIN SURGERY**

(, SPAIN)

08.58 – 09.05 **ENDOVENOUS LASER ABLATION**

(, LATVIA)

09.07 – 09.14 **RADIOFREQUENCY**

(, THAILAND)

09.16 – 09.23 **GLUE**

(, USA)

09.25 – 09.32 **MOCA & innovative devices**

(, ITALY)

09.32 – 10.42 **Selection of VITAL topics** received in the V-ITALy survey

(, PERÙ)

09.42-10.45 **OPEN ROUND TABLE** (Expert starters:)

10.45-11.00 Moderators wrap up

11.00 – 11.30 **TASK: Take A Seat** with the **KOLs** coffee break

11.30 – 13.00 **GRADUATED COMPRESSION ADVANCEMENTS**

Moderators: (N AM), (S AM), (EUR), (ASIA)

Sum up of the Pre-congress on demand **T**riggering **O**pportune **P**hlebo-lymphology **l**ectures.
Evidence-based state of the art & future research needs of GRADUATED COMPRESSION in

11.40-11.47 **OCCUPATIONAL, LIFESTYLE & SPORT**
(, ITALY)

11.49-11.56 **VEIN-LYMPHATIC SYMPTOMS & SIGN CONTROL**
(, JAPAN)

11.58-12.05 **PERIPROCEDURAL SETTING**
(, USA)

12.07-12.14 **THROMBOSIS MANAGEMENT**
(, ITALY)

12.16-12.23 **LYMPHEDEMA**
(, POLAND)

12.25-12.32 **ADJUSTABLE WRAPS USE**
(, USA)

12.32-12.42 **Selection of VITAL topics** received in the V-ITALy survey
(, BRAZIL)

12.42-12.55 **OPEN ROUND TABLE** (Expert starters)

12.55-13.00 **Moderators wrap up**

13.00– 14.00 **Food for Veins** Lunch

14.00 – 14.10 Honorary Lecture:

Sclerotherapy 2047: the future we'd like to see

Parsi K (International Union of Phlebology, PRESIDENT)

14.10-14.15 **Honorary comment:** (, ITALY)

14.15-14.25 Audience free comments

14.30-15.30 **SIGVARIS: Science & Innovation in Globalization**

09.11-09.16 Expert discussant (, ASIA)

09.16-09.21 Open Discussion

09.21-09.25 Moderators final remarks.

09.30 – 10.00 **TASK: Take A Seat** with the **KOLs** coffee break

10.00 – 11.30 **Sclero And Foam Enhancement**

Moderators (LATAM), (N AM), (EUR), (ASIA)

10.10-10.20 **Sclerotherapy safety & efficacy: TODAY EVIDENCE** (, USA)

10.20-10.30 Expert discussant (, LATAM) & open discussion

10.30-10.40 **Physician compounded vs automated foam production** (, SPAIN)

10.40-10.50 Expert discussant (, SPAIN) & open discussion

10.50-11.00 **Sclerotherapy delivery innovations** (, ITALY)

11.00-11.10 Expert discussant (, MIDDLE EAST) & open discussion

11.10-11.25 Open discussion

11.30 –13.00 **In Venous Veritas from EUROPE to the WORLD**

Clinical hot truths & unmet needs we usually don't share

Moderators: (LATAM), (N AM), (EUR), (ASIA)

11.35-11.40 **Project rationale** ((ITA), (FRA))

11.40-11.48 **CEAP classification...of what ?** (, PORTUGAL)

11.48-11.55 Expert discussant (, N AM) & open discussion

11.57-12.05 **Best periprocedural vein procedures thromboprophylaxis** (, FRANCE)

12.05-12.12 Expert discussant (, LATAM) & open discussion

12.14-12.22 **Thoracic Outlet Syndrome: evidence vs best practice** (, ITALY)

12.22-12.29 Expert discussant (, AFRICA) & open discussion

12.31-12.39 **Deep venous procedures best outcome measures** (, SPAIN)

12.39-12.46 Discussant: (ASIA)

12.46-13.00 Moderators final remarks.

13.00– 14.00 **Food for Veins** Lunch

14.00 – 14.10 Honorary Lecture:

**international guidelines in everyday national practice:
difficulties & opportunities**

Guyatt G (GRADE co-chair, McMaster University, CANADA)

14.10-14.20 **Honorary comment:** (, USA)

14.20-14.30 Audience free comments

14.30 – 15.30 **THROMBOSIS & DEEP VENOUS advancement**
Moderators: (S AM), (N AM-EUR), (EUR-M EAST), (ASIA)

Sum-up of Pre-congress on demand

Triggering **O**pportune **P**hlebo-lymphology lectures.

Evidence-based state of the art & future research needs of:

14.30-14.37 **THROMBOTIC RISK ASSESSMENT**

(, USA)

14.39-14.46 **THROMBOPROPHYLAXIS**

(, BRAZIL)

14.48-14.55 **VENOUS STENTING**

(, UK)

14.57-15.04 **PELVIC VENOUS DISORDER MANAGEMENT**

(, SINGAPORE)

15.06-15.13 **VASCULAR MALFORMATIONS MANAGEMENT**

(, USA)

15.13-15.18 **Selection of VITAL topics** received in the V-ITALy survey

SAT, May 27

Science Per Aquam

course

diving into VEIN-LYMPHATIC health

Sunday, **May 28**, 2023
Albarella Island, ITALY

for
professionals
involved in healthcare, rehab & wellness
interested in phlebo-lymphology care

with **CME** credits

Science Per Aquam

VISION

«**SALUS Per Aquam**» (SPA) too often remains an empirical activity rather than an evidence-based one. Too often synergy among different specialties is lacking in what could be the enhancement of the significant benefits the aquatic environment can bring.

«**Science Per Aquam**» is an academic international initiative focused on scientific data production and dissemination, functioning as a hub around public health education insights, related to the different medicine fields, with a primary attention to vein-lymphatic drainage.

MISSION

SCIENCE Per Aquam mission is achieved by theoretical and practical courses around the world, showcasing a model of **national** and **international** collaboration among different specialties professionals.

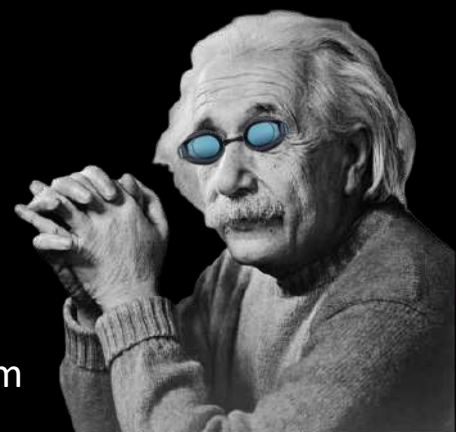

Main focus of May 28 event will be **venous** and **lymphatic disease**, in particular regarding the related edema management.

Moreover, an insight in the **technical hydrotherapy aspects** will provide the possibility for the attendees to actively prescribe this useful therapeutic tool.

An active engagement of the **General** and **Multi-specialty Medicine** will allow the enhancement of the learning opportunity, both at a national and international level.

Theoretical and **Practical** sessions will enrich both health care professionals and population knowledge on such an important topic.

(, USA)

11.30 –11.40 **Aquatic environment applied to venous-lymphatic drainage**
(, ITALY)

11.40 – 11.55 **Multi-specialty & open discussion**
(**(CARDIOLOGY)**, (**PHYSICAL EXERCISE SCIENCE**))

11.55 - 12.05 **Evidence-based Hydro-FE phlebo-lymphology protocol**
(, ITALY)

12.05 –12.20 **Multi-specialty open discussion**
((**ANGIOLOGY**), (**PROCTOLOGY**))

12.20 12.30 **Edema management in vein-lymphatic patients**
(, BELGIUM)

12.30 – 12.40 **Multi-specialty & open discussion**
(**(ORTHOPAEDICS)**, (**LYMPHOLOGY**))

12.40 –12.50 **Balneology Association of North America: the (aquatic) future is now**
(North America Balneology Association)

12.50 – 13.00 **Discussion & take home messages**
(Stile Compresso Patient Association founder)
(, BULGARIA)
(, GEORGIA)

13.00-13.30 CME questionnaires and certificates delivery*

**in order to obtain the CME and certificates, the attendees must take part in the workshop planned from May 25 to 27.*

Science Per Aquam

the HANDS-ON

SUN, May 25
26
27
28

Attendees will be divided in groups of max 5, rotating every 30 min, from May 25 to 28.

All hands-on must be attended to obtain the Science Per Aquam certificate.

Station 1: ULTRASOUND

Master:

CONTENT: Notions all health professionals should have about how an appropriate vein-lymphatic ultrasound scanning should look like.

Station 2: SCIENCE PER AQUAM

Masters:

CONTENT: Description and practical demonstration of the aquatic protocol that has been validated for vein-lymphatic drainage. This activity will be the only one delivered with all attendees together, in the Capo Nord Hotel Pool, on May 26 at 6.30 pm

Station 3: SCLEROTHERAPY AND VENOUS DEVICES

Master:

CONTENT: Notions all health professionals should have about the correct indications on mini-invasive treatment for chronic venous disease.

Station 4: GRADUATED COMPRESSION

Master:

CONTENT: Notions all health-professionals should have on graduated compression use. Hands-on demonstration included.

Station 5: VENOUS ACTIVE DRUGS

Master:

CONTENT: notions all health professionals should have on validated venous active drugs use.

Station 6: POSTURAL ANALYSIS

Master:

CONTENT: notions all health professionals should have on postural analysis

By this invitation to **join v-ITALY event** we deeply hope to invite all of you also to be part of an **educational, editorial and networking “VITAL” project** dedicated to the evidence-based understanding of **where Vein and Lymphatic practice is and where it should go**. This **“VITAL” need** will be accomplished once again only thanks to the moral and productive teamwork involving representatives of the highest scientific community, of the most reliable companies and of the non-health professionals, all together dedicated to the best patient care advancement. **The digital experience** developed along the last years will allow the reaching out to all the continents and communities. **The in person engagement of the most renowned key opinion leaders** will foster professional and personal growth, in particular during the three days of presential interaction. *“If we want to know our present, we need to look at our past. If we want to know our future, we need to look at our present actions”*: following this vision, in the present actions we are delighted to come back to **Albarella Island**, venue of the v-WIN 2017 6th international interuniversity meetin <https://vwinfoundation.com/press-gallery/>, perfect site for analysing together **what science has produced in the last years and what it should generate in the near future**. Looking forward for days of **“VITAL”** medical education and social sharing, we’ll be waiting for you with open arms at **v-ITALY**.
