THE rationale

v-WIN Le.G.athering

WORLD CONGRESS

Le.G.athering World Congress represents the first global event dedicated not just to the venous system of the lower limb, rather to the appropriate **holistic management** of the whole **LEG**, by **GATHERING** together all the **healthcare** and **non-healthcare professionals** exposed to its management. Dubai is the **easiest place to fly** from all around the world and, also thanks to its **futuristic vision**, it offers the opportunity to take **present actions** for a **future of pro-active collaboration** in appropriate and affordable leg-care. Following the more than successful **V-ITALy 2025** institutional engagement, **Le.G.athering World Congress 2026** looks forward for building other bridges with the highest **Governmental** and **Regulatory institutions**, to make sure the **Global Scientific Diplomacy** is translated in a **real improvement** for all **the world patient-care**.

LOGO

DESCRIPTION

- Sounding like a **GATHERING** (Le**GATHERING**) around the **LEG** (**LEG**athering): whoever is managing leg-health around the world.
- Icon of a person sitting on the G who then stands up and walk in the logo animation, in promotion of the **awareness** and of the importance of the movement...forward.
- The icon showcases the colors of the flag of **United Arab Emirates** while reminding the Italian ones in a bridge **from V-ITALy '25 to Le.Gathering '26**
